LEDinspect SLIMLINE 250

Inspection lamps

Areas of application

- Inspection and maintenance of vehicles at home

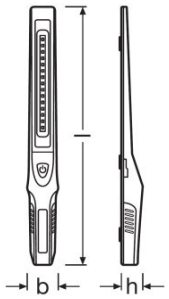

Product benefits

- 2 year guarantee
- Rechargeable LED inspection luminaire with ultra-thin, high-quality design
- Excellent illumination thanks to long-lasting high intensity LEDs
- Easy to grip and dirt resistant surface
- No batteries needed
- Keeps your hands free thanks to magnets on the back side
- Easy charging via USB port and AC connection
- Robust and impact-resistant housing

Product features

- Charging indicator
- Voltage: 3.7 V
- Wattage: 3 W
- Type of protection: IP44
- Impact resistance: IK07
- Rechargeable 3.7 V 2,600 mAh Li-ion battery
- Equipped with 5 high-quality, long-lasting LEDs (0.5 W SMD)
- Available with color temperature: 6,500 K, 7,500 K
- Luminous flux: up to 250 lm (main light), up to 30 lm (torch light)
- Intense white light
- Operation time of battery: 2...3 h (main light), up to 15 h (torch light)
- Charge time of battery: 3...4 h (main light, torch light)
